## **Why not record this script on our VOXTRAINING Evaluation Line?**

We'll give you an honest opinion on whether a voice-over training course could help you. When you're ready to record, dial **020 3239 8925**. After the welcome message, please record your name and contact phone number, then go straight into the script. If you make a mistake, just go back to the start of the sentence and carry on. Don't worry too much - this isn't about getting a perfect performance. We just need an idea of what you sound like and what level of natural aptitude you have.

### **DIRECTION NOTES:**

*Confident enthusiastic read.*

I'd love to be a Voice Over. It can't be that difficult, I listen to people on the radio every day and think 'I could do that!'

Of course I can. It's just learning how to read a script at speed and make it make sense to the listener. It's knowing how to make it sound right..... which words to emphasise.... where to pause.... where to speed up and when to slow down.

It's all about sounding enthusiastic, even after the fifth take, (small laugh?) or the fifteenth! It's about timing. Making sure it fits. That it doesn't overrun.

I can open my mind to these skills in just one day, on the **VOXTRAINING** Foundation Course.

Based in Soho, **VOXTRAINING** courses take place in a busy working studio which produces actual commercials every day of the week. They really know what they're talking about!

Book **NOW** for the **VOXTRAINING** One Day Foundation Course and discover the talents you knew you had, but were too shy to shout about.
